FRANKLIN, April 24, 2015 - Residential and commercial construction in the Middle Tennessee area is being raised to a new level by industry power couple, Sharon and Wayne Hicks. Wayne is a licensed Residential/Commercial General Contractor who is a member of the National Board of the National Association of Home Builders and his wife Sharon is a Certified NKBA Kitchen and Bath Designer who is the immediate past president of the Central Florida NKBA Chapter as well as a member of the National Council of Builders and Remodelers for NKBA. Both Sharon and Wayne have enjoyed the opportunity of their craftsmanship being featured and recognized in national publications on a consistent basis throughout the past ten years.

"Immediate response, attention to detail, concern for budget and overall concern for quality of life for our clients during construction is what separates our firm from others", says Wayne. Carriage House Custom Homes & Interiors is located in the heart of Historic Downtown Franklin and boasts a "one stop shop" design center for clients. "We warmly welcome clients into our design center to make cabinetry, countertop, fixtures, appliances, flooring, decorative hardware selections from the top name brands we have partnered with" says Sharon. Custom and semi-custom designs are made possible with partnerships with Medallion, Design-Craft, Elmwood and ProCraft. Clients will enjoy the opportunity of selecting from a variety of cabinets, for all areas of the home and all budgets.

A partnership with Denver and Brown Jordan Outdoor Kitchens brings a new line of outdoor living cabinetry for the Middle Tennessee area. "We are thrilled to be the only contractor in the Middle Tennessee area to offer these products. Crafted from steel and finished to look like wood or a variety of other surfaces, our clients will enjoy their outdoor living throughout all weather conditions for many, many years" explains Sharon.

An exclusive partnership with Varco Pruden is what excites Waine. "Varco Pruden raises the bar for barns, commercial buildings, warehouses, airport hangars, indoor sporting facilities, schools and houses of worship. Through state of the art software and products we can create a barn to match your home, we can create pretty much anything you can think of" Waine proudly explains.

Carriage House Custom Homes & Interiors will host their Ribbon Cutting Ceremony and Grand Opening of their new Home Design Center on Wednesday, May 6, 4-7pm. There will be light hors d'oeuvres and drinks catered by Chef Beanie.
